

Grown-up setup guide

An indoor Halloween adventure for ages 5–8. Play together, with a grown-up reading and helping as needed. Allow about 20–30 minutes.

1. Print and cut. Print this pack on US Letter paper (8.5 × 11 in) at actual size / 100%. Cut along the dotted outlines on pages 3–4. Each card is 3.5 × 4.5 in.

2. Hide the cards. Follow the numbered hiding-place list on page 2. The order matters. Keep the answer key out of the children's view.

3. Prepare the treasure. Keep stickers, a little toy or suitable treats with you. The children ask you for their prize after the final code.

4. Open the game. Use the separate PDF Access Guide. Check "A grown-up has hidden all 8 clue cards", then start. Solve each screen puzzle to reveal a hiding-place riddle.

5. Find and unlock. The children find the matching numbered card and enter its three-digit code. The next puzzle unlocks. Repeat until all 8 cards are found.

6. Celebrate! Give them the treasure and fill in the certificate on page 5. For a group, print one certificate per child.

Safe and simple: Keep cards within easy reach, away from hot, sharp or electrical items. No climbing or outdoor searching. If a hiding place is missing, place the matching object in a reachable spot. Progress resets if the game page is reloaded.
